

Shown in Over Fifty New Nobby Spring Styles.

"Burrojaps," the Only Guaranteed Patent Leather Shoes for Men

\$4.00 and \$5.00

Embrace Style, Beauty, and Comfort

DO you realize what we mean when we say Guaranteed Patent Leather? You probably never heard of such a thing before; in fact, most shoe stores in Washington say, "We do not guarantee patent or shiny leathers." We say just the opposite—if the vamp on a pair of "Burrojaps" breaks through before the first sole is worn out, we will give you a new pair absolutely free. Can you want more proof to convince you that "Burrojaps" are the best Patent Leather Shoes made?

THERE are more different styles and lasts shown in "Burrojaps" than you will find in any other single line of shoes. You will find a style to suit your taste no matter how exacting you may be. The workmanship in these shoes is the best that high-grade skilled labor can produce, and the trimmings and materials are of such quality as to enable us to give you a guarantee with every pair. Every detail that goes to make a strictly high-class shoe has been carefully executed in "Burrojaps."

The New Spring Styles in Low Shoes Have Arrived.

WILL ARRIVE TO-DAY

Northern Cracks Flocking for Georgetown Meet.

INDIANS DUE THIS AFTERNOON

Yale, Cornell, and Penn Teams Will Also Be in Before Night—Big College Relay Race Should Be Feature of Classy Programme—Former Navy Star Is to Compete.

The influx of college, preparatory school, and athletic club athletes who are to compete in the Georgetown games at Convention Hall Saturday evening will begin to-day. The Carlisle Indians are due to arrive in town this evening, in charge of their famous athletic coach, Glenn S. Warner, while the Cornell, Yale, Brown Prep, and New York Athletic Club athletes are due to arrive at the Union Station two hours later than the red men.

The Indians will tour the city in a big sight-seeing machine, and will doubtless create considerable commotion. All the men who arrive in the city prior to the inauguration will be closely watched by their coaches for fear that they will break training, and the close fight that will doubtless be made by the large number of athletes for the point trophy cup demands the rigid enforcement of training rules. Harry Hillman, Paul Pilgrim, and Harry Sedler, the New York Athletic Club stars who are to compete in the Georgetown meet, will be in the city with various New York regiments. "Bernie" Wefers, the New York Athletic Club coach, will come to Washington at the same time, and will keep in close touch with his men during the remainder of the week.

Another Star Enters. An added entry to the Georgetown games that is sure to prove a feature is that of H. V. McNair, a lieutenant in the United States navy and a former star at the Naval Academy. McNair has just returned to this country from the trip made by the feet around the world, and during the time he was aboard ship making the record run he competed in Japan and the Philippines, winning two first places at both meets. While at Annapolis McNair was the fastest long-distance man among the midshipmen, one of his notable feats being the defeat of Jimmy Mulligan, at present coaching the Georgetown team, in the 440-yard run. McNair has made as good as 50 seconds in the quarter.

Cornell's supporters have started to arrive in the city, and their interest in the coming race with Yale and Pennsylvania is greater than ever before known for a Southern meet.

Should Be Close.

The Ithacans are out to win the Eastern collegiate indoor championship in the two-mile race, an honor they have held for the past three years, and Coach Mackey's men know they have to tussle to deal with in the crack Yale and Pennsylvania four. Indications point to a new world's record for the two-mile relay race when these three teams meet, as all have displayed

exceptional speed in their races this year. At present the Yale team is favored for first place, with Cornell second, and Pennsylvania third.

Trials for the Georgetown relay team that is to race Virginia for the Southern one-mile championship will be held on the running track at Georgetown this afternoon at 2 o'clock. Eight men will run, three being members of last year's team.

CAUSES NEAR RIOT.

Hayes Greeted with Monstrous Outcry at Refusal to Run.

Auburn, N. Y., March 2.—Johnny Hayes was the center of a young riot to-night when scheduled in a ten-mile race with Tom Slater, of Oswego, and called off the exhibition, when a three-men relay at this distance was substituted. A large crowd began to show its indignation when the change was announced, but Hayes explained that his contract called for him to go ten miles, while Slater, a champion, walked heel and toe seven miles. The crowd accepted his statement, and he ran a fast ten miles against J. L. Sullivan, of Marcellus; J. Debitis, of Port Huron, and Fred Saroney, of Mentz. The time was given as 50 minutes, 55 seconds, on a 17-lap track. Hayes won by five laps.

GOSSIP OF THE BOXERS.

New York has offered a fancy purse for a bout between Freddy Welsh, the clever Englishman, and Battling Nelson. Let them get together and settle it.

Kid McCoy, on a postal card from Paris, says he has made the big gambling palace at Monte Carlo pay his expenses so far. We expected some one would, Kid. Mr. Selby will return shortly.

All arrangements for the Jim Stewart-Jack Sullivan fight next week at the Madison Club were completed yesterday. Jimmy De Forrest expects Stewart to tuck Sullivan away inside of the ten. He has a good chance.

Johnny Thompson took a peek at the National Club, of New York, yesterday, and was well pleased with the gym and arena. Johnny will go to New Dorp to finish up his work. He is in fair shape at present, and expects to weigh about 137 pounds Friday night.

Ray Bronson, who boxes Freddie Welsh at New Orleans March 5, in a twenty-round go, will come to New York after the bout under the management of Jimmy De Forrest. Bronson will meet any of the 130-pound boys. But Hurley and Bronson should go well.

Charley Lindberg, manager of the Swedish-American Club, of New York, and Dick Nelson, says the club is in hard luck. They have had three shows so far. A snow and two rainstorms blew up on the night of the stage, meaning a shyness in the box office. Charley has had an interview with the weather man in hopes of fixing things up.

DURING INAUGURATION WEEK

If you march, walk, or are on your feet, fortify and care for your feet. Don't get footsore; get Foot-Ease, the anti-static powder to be shaken into the shoes. You can walk for hours and not get tired if you use Allen's Foot-Ease. It is always in demand for use in Patent Leather Shoes, for Dancing Parties, and for Breaking in New Shoes. Order a 25c package TO-DAY of any Druggist and be ready to forget you have feet during Inauguration Week. Sold everywhere, 25c. Sample FREE by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

Don't accept any substitute.

STEEL WAGES NOT TO BE CUT

Independents at Pittsburg Await Tariff Action by Congress.

Lead of the Lackawanna Will Not Be Followed by Others at the Present.

Pittsburg, March 2.—The monster independent iron and steel concerns of the Pittsburg district—the Jones & Laughlin Steel Company, the Pittsburg Steel Company, and the Midland Steel Company—representing in all more than \$100,000,000 to-day decided to "stand pat" on wages. This in spite of the fact that the big Lackawanna Steel Company at Buffalo, one of the strong independents, had declared a flat 10 per cent reduction in wages to-day. Each of these three Pittsburg concerns held quiet meetings to-day, and each decided that there is but one thing that will force them to cut wages—namely, a tampering with the tariff at Washington.

To-night B. F. Jones, president of the Jones & Laughlin Steel Company, Ltd., issued the following statement: "We have not considered the question of reducing wages. Our future action in this connection will be governed by general business conditions, and by the terms of the tariff bill about to be introduced into Congress."

Wallace Rowe, president of the Pittsburg Steel Company, said:

"The matter of a reduction in wages has been considered by us, and we have decided to take no action until there is some further development in iron and steel conditions. We are especially interested in what Congress will do with the tariff on metals. The action of Congress may have a deal to do with the question of iron and steel wages of the future."

W. C. Fowner, president of the Midland Steel Company, the other large independent, said:

"While we are not crossing bridges until we come to them, and do not care to discuss the wage question, we will do so others do in this matter. If the cutting of wages becomes prevalent, the Midland Steel Company will be forced to go along."

An official of the Carnegie Steel Company, who will not permit his name to be mentioned, said that while all announcements must come from New York, he did not think there would be any movement made here to cut wages in the corporation mills, at least not until something had been done to the tariff by the Washington session.

Stop Boxing in Brooklyn.

Brooklyn, Mass., March 2.—No more boxing matches will be allowed in this city by City Marshal Ira L. Klingman. He has notified managers of the two local athletic clubs that the recent exhibitions of boxing were not in conformity with the statutes, and requests them to hold no more bouts.

Pittsburg Gets Miller.

Cincinnati, March 2.—The chairman of the National Baseball Commission announced his decision in the controversy between the Pittsburg National League club and the Cleveland American League club, over player John B. Miller. The chairman held that because the Pittsburg club had signed Miller to the first contract, it was entitled to his services.

WEATHER CONDITIONS.

U. S. Dept. of Agriculture, Weather Bureau, Washington, D. C., Tuesday, March 2, 1909.—A barometric disturbance that covered the Central valley and Lake region Monday has moved outward over the Atlantic States, attended by showers, and another disturbance that has advanced rapidly outward from the North Pacific Coast is central this evening over Wisconsin.

Temperature conditions above the seasonal average over the entire country.

During Wednesday the Wisconsin disturbance will move outward to the Atlantic coast, attended by showers in the North Atlantic States. For Thursday fair weather and moderate temperature is indicated generally over the eastern portion of the United States.

The winds along the New England coast will be moderate to brisk southerly, shifting Wednesday night to northerly; on the Middle Atlantic coast moderate to brisk southerly, shifting to westerly; on the West Gulf coast moderate to brisk southerly; on Lake Michigan brisk northerly.

Steamers departing Wednesday for European ports will have moderate to brisk southerly winds and showers to the Grand Banks.

Local Temperature.

Midnight, 62°; 2 a. m., 63°; 4 a. m., 61°; 6 a. m., 62°; 8 a. m., 63°; 10 a. m., 65°; 12 noon, 66°; 2 p. m., 65°; 4 p. m., 62°; 6 p. m., 62°; 8 p. m., 60°; 10 p. m., 58°.

Relative humidity—8 a. m., 92°; 2 p. m., 65°; 8 p. m., 82°.

Barometer, 30.1; 3 p. m., 30.2.

Temperatures in other cities, together with the amount of rainfall, for the twelve hours ended at 3 p. m. yesterday, are as follows:

COLORED REVIVALISTS MARCH

Religious Parade, Three Thousand Strong, Traverses Streets.

Members of Cosmopolitan Temple Church Sing as They Walk. Services Follow March.

Three thousand members and followers of the Cosmopolitan Temple Baptist Church (colored) last night marched from Ninth street to Second street northwest, singing "Wash Me, and I Shall Be Whiter Than Snow," and "Hark! the Herald Angels Sing."

The parade was the culmination of a series of revival meetings held in the church, under the direction of Rev. Simon P. Drew, known among the negro race as the "Colored Gypsy Smith."

Although the parade was scheduled to start at 9:30 o'clock, it was long after 11 o'clock before a delegation of revivalists, headed by a drum corps, arrived from the Second Baptist Church to escort Rev. Mr. Drew and his followers to the church home of Bishop Johnson.

Along the line of march thousands of colored people cheered the religious army. As the marchers turned into New Jersey avenue a shower of paper bags came from one of the many near-by apartments. Several of them hit the rear guard, but fortunately they contained nothing more harmful than flour.

It was long after midnight when the services were concluded in the Second Baptist Church.

Next Sunday night Rev. Mr. Drew will preach on "The signs of the times."

FIND TWO APPENDICES.

Woman in Memphis Surprises Surgeons Who Perform Operation.

Memphis, Tenn., March 2.—An operation believed to be unique in surgical annals was performed here to-day, when a woman patient in the Presbyterian Hospital operated on for a simple case of vermiform appendix was found to possess two of the dangerous little pouches. Although but one was diseased, the physicians in charge removed both this afternoon, and the case is believed to be unique in the annals of surgery.

QUEEN CANNOT HOLD COURT.

Alexandra Suffering from Severe Cold and Cancels Engagements.

London, March 2.—It is officially announced that Queen Alexandra, in consequence of a severe cold, will be unable to hold a court with the King, who will therefore hold it alone.

The announcement, following the recent threatened abandonment of the Queen's visit to Berlin for a similar cause, would probably create a belief that something serious was the matter if it were not that the King has not altered his arrangements to start for Biarritz on Thursday.

THE DIET OF TAFT.

What grub does this our Caesar eat, that he is grown so great? 'Tis known that with opossum meat the Southrons filled his plate; and when across the fertile West last fall he blazed a path, mock turtles came at his behest—but tell it not in Gath. And since to golf he is inclined, he likes the oaten cake; and some folks say he doesn't mind an alligator steak; and there are hunters in the hills who eagerly declare, that he is gladdened when he fills himself with grizzly bear. What he consumes when he's at home it is not hard to learn; but when abroad his footsteps roam, who knows to what he'll turn? What William ate in Panama has never been made clear; perhaps a parrot or macaw—perhaps an engineer.

(Copyright, 1902, by George Matthew Adams.)

WALT MASON.

SOME MAXIMS FOR ATHLETIC SUCCESS.

Find the event for which you are best suited and stick to it. Make sure that your diet is simple and eat slowly. Do not touch cigarettes or champagne. Don't expect to be a champion the first year. If you are a schoolboy, don't train hard before you are eighteen or nineteen years old. Don't get discouraged and quit because some other man seems to be making more progress than you. Remember that a clean life, a simple diet, and determination will accomplish wonders.

The Scotch Juror.

A lawyer once asked a man who had at various times sat on several juries: "Who influenced most—the lawyers, the witnesses, or the judges?" He expected to get some useful and interesting information from so experienced a juror. This was the man's reply: "I tell yer, sir, 'ow I makes up my mind. I am a plain man, and a res-

sonin' man, and I ain't influenced by anything the lawyers say, nor by what the witnesses say—no, nor by what the judge says. I just look at the man in the dock, and I says, 'If he ain't done nothing, why is he there?' And I brings 'em all in guilty."
